 cusbee.co

Summary of Qualifications

8+ years of experience in web-development, software management and environment configuration, performance optimization (code and database queries), DB design. Experience in working using ticket systems (Redmine, Basecamp), version control systems (SVN, Mercurial). Was working on a lot of different projects, web-shops, including web-portals, financial systems, CRM-systems, corporate websites with messaging and mass-mailing. Also was involved in debugging and improvements of existing projects, was busy with existing codes refactoring and upgrading projects from older to newer technologies. Was working in teams and alone, but I'm preferring teamwork.

I'm responsible, reliable and communicative person. I like complicated tasks and solving of sophisticated issues, because curiosity is one of my advantages. Also I'm always trying to learn something new, to keep my skills up to date and to do my job the best way. I'm speaking English (Upper Intermediate), German (Intermediate), Ukrainian (Native), Russian (Native) and Dutch (Elementary).

Technical skills
